clothier

Bow Island, Alta.

A NEW shirt may look good, but beauty in a shirt does not necessarily mean service. The Arrow label marks the shirt that combines style and service. It is your guarantee that the garment is made of durable, fadeless fabrics, in such a careful, thorough way that we depend upon its good qualities to sell you another shirt with the same label.

Vote for--?

Candidates Plentiful for Municipal Honors.

The recent tangle in which the Town Council found itself will result apparently in one of the most interesting elections in the history of the town. For the Mayoralty we have two candidates and for the three vacancies on the Town Council nine candidates are seeking election.

The ratepayers at any rate will not have to bemoan the lack of choice. It is here in plenty.

What the result will be at the closing of the poll it is hard to forecast. As far as can be ascertained all have supporters—but as if to equalize this most of them have also their critics.

The Mayorship, by reason of its exalted position, is naturally the cynosure of all eyes and the voting for this office is going to create great interest. Mr. Robertson has served as Mayor previously and, we believe, gave general satisfaction. Mr. Reid has also served on the Council and his experience should be useful to him should the mantle of the Mayor adorn his party frock. For the rest the result lies in the ballot of the ratepayers—and only those who have experienced the fickle state of the public mind can realize how hopeless it is to forecast the result.

Of the nine councillors seeking election, five of them, Messrs. Brown, Swennumson (the old invincible), Hurd, Beattie and Russell, have already received their baptism, and should therefore be expected to receive an adverse ballot more calmly than the others. There is, however, some good timber amongst the bunch and we are hoping to see one or two again put through the grueling fire of public opinion. The new aspirants for public favor, Messrs. Bell, Rolfe, Pollitt, and Doc. Paterson, although new to the Town Council, have nevertheless frequently appeared to the public gaze and cannot therefore be properly classed as "dark horses."

To pick the winners it seems to us is an impossibility. One thing, however, we will venture to say—put them on the tape line and give each an equal chance, and it is ten to one on "John" for staying sound.

The following are the nominees together with their nominees—

Mayor.
Reid J. W.—Nominated by Brown and Oliver.
Robertson R. H.—By Swennumson and Needham.

Councillors.
Brown E. W.—Nominated by Robertson and Oliver.
Hurd J. W.—By Swennumson and Ferne.

Swennumson A.—By Harford and Reid.
Russell A. C.—By E. E. Wilmot and Bell.

Beattie R. S.—By Swennumson and H. E. Beattie.
Bell C. H.—By Robertson and Pollitt.

Rollie A. D.—By Bell and Pollitt.
Pollitt John.—By Bell and Beattie.
Paterson Dr. J. H.—By Oliver and Haine.

The elections take place on Tuesday next, and those entitled to vote are those whose names appear on the last revised assessment roll.

Municipal District of Bow Island

Councillors Take Steps to Organize Hospital District.

A meeting of the Council of the above municipal district was held in the Council Chambers on June 15th, those present including Messrs F. J. Henderson, Deputy Reeve Almon Gregg, Councillors Hyland, McGregor, Chisholm and Pool.
Accounts were submitted as follows:

Forty-Mile R.M.

Pursuant to the call of the Reeve, the Council of the Municipal District of Forty-Mile met at Westfield on June 6th for consideration of seed grain matters and other business.

Councillors present—Messrs. Walker, Sewell, Flammie, Roberts, Hopkins, and Hazell.

Report of seed grain committee was read by Councillor Roberts.

After considerable discussion, and owing to the absence of the parties concerned, who had been requested to be present, it was moved that the matter be laid over until later in the afternoon to see whether they would come.

By consent of the Council, other business was brought forward, and the following bills were passed—
J. M. Gilson, grading in S. 10 \$ 34.00
E. C. Gage " " 9-11 30.00
U. G. Eward " " 9-12 75.00

E. C. Gage " " 9-11 116.00

R. Fitz grading 7-10 and 7-11

Raw Island Mesquitte, spikes and wire for bridge 14.25

The following school requisites were ordered paid—

Jamieson S. D. \$ 200.00

Haig S. D. 700.00

Highfield S. D. 900.00

The Council then passed a resolution that no more road jobs be let until after July 6th.

Motion by Councillor Hopkins that the Council make a further grant of \$75 towards completing the grade across Forty-Mile Coulee, the placing of the work be left to Councillors Walker, Sewell and Flammie.

Motion that the Secretary be instructed to write S. Winters as seed grain.

Motion that Reeve Walker and Councillor Hopkins be a committee to interview L. D. Bakken, J. E. Bakken and J. L. Leaky re seed grain.

Motion that the Council take a lien on east half 15-8-12 as well as on west half 10-8-12, as S. Hazell gave land in mistake.

Motion that the Secretary be instructed to write G. H. Collard re seed grain.

Meeting adjourned to meet July 6th.

R. M. Evans \$ 53.00

W. Foster \$ 4.00

W. H. Schornert \$ 7.00

A. McLeod \$ 6.00

W. H. Schornert \$ 227.80

W. Foster \$ 84.00

W. H. Schornert \$ 330.00

Stacey Lumber Co. \$ 167.00

A. F. Werts \$ 16.00

Accounts in connection with seed grain:

Bow Island Drug Co. \$ 25

Bank B. N. A. \$ 62.15

Wilmot & Henderson \$ 8.65

A requisition from Morning Star S. D. for \$250.00 was granted.

A discussion then took place relative to the establishment of a municipal hospital and it was moved that P. J. Henderson, in conjunction with J. M. Bratton of the town of Bow Island and representatives of the Municipal District of Forty-Mile take immediate steps with the provincial secretary to form a hospital district comprising districts 34, 35, 64 and the eastern tier of townships in 65, and that portion of 63 that desire to come in together with any further territory that may be deemed expedient.

The foregoing resolution was made following a report made by Reeve Henderson and Secretary Werts of a meeting which they attended at Watrous.

It was decided to add Dr. Paterson to the above committee.

A borrowing bylaw was then put before the Council, empowering the Council to borrow \$2,500 for municipal purposes and \$1,500 for school purposes.

The Council then went into committee of the whole and repaired to the street with their coats off to set up the municipal grader.

Local and General

Mr. and Mrs. Wilfrid Henderson
arrived at Calgary this week and will
remain there for the fair.

The crops are still lacking moisture.
Although a few light showers have
arrived none of them have been suffi-
ciently heavy to do much good, and it
is feared it is too late now for much
of the average under cultivation. A
good heavy rain, however, would be
of incalculable value to the summer
crops, and given this we are assured
by many of our local farmers that a
fair crop can be harvested yet.

A business meeting of the local Red
Cross will be held on Friday of next
week. All members are asked to
attend.

Zion Lutheran Church service in the
Presbyterian church on Sunday, June
30th, at three p.m.—N. R. T. Bina,
pastor.

A small debt court is now estab-
lished in Bow Island. Claims for \$20
and under can now be adjusted local-
ly. Hitherto this has necessitated a
trip either to Lethbridge or Medicine Hat.

Mrs. Dwight of Boise, Idaho, arrived
with Cornelius Hoggins this week
and will visit her daughter, Mrs.
Archie Hoggins, for a time. Mrs.
Dwight was greatly surprised on ar-
riving here to find we are still eating
white bread and enjoying other luxu-
ries which have been given up long
ago by people on the other side. This
inclines her to the opinion that people
here are not so patriotic as in the
States.

And who shall say her nay.

R. M. Paterson of Lusseland, Sask.,
accompanied by his wife, has been
visiting his brother, Dr. J. H. Paterson,
during the past week.

Carlson—Henry—Mr. Joseph Wm.
Carlson was married to Miss Laura
Sarah Henry in the First Baptist
Church of Medicine Hat on Tuesday
morning at nine o'clock. The cere-
mony was performed by the Rev. H.
G. Blundell, and the bridal couple
were attended by Everett Henry and
Miss Adeline Carlson. The young
couple will be making their home on
their farm in this vicinity.

The public schools of Bow Island
closed this week for the summer vaca-
tion. Miss Kavanagh and Mrs. Hall
are leaving today for Nova Scotia.
Miss Fleming will visit her mother at
Medicine Hat and Mr. Paterson will
go to Edmonton.

All Saints' Church.—National day
of prayer, Sunday, June 30th. Services
11:30 a.m. and 7:30 p.m.

Service will also be held at Church
of the Holy Hope, Sunnyside, at 3:30
p.m.

Mr. Barrons of Edmonton will visit
Bow Island on Tuesday next, July 2nd,
and will address a meeting on "Con-
solidation of schools." He will be
accompanied by Mr. Parker, school
inspector. A full attendance of the
ratepayers is desired.

A letter received from Thompson
Whitney by his parents this week
shows that he is making good strides
in aviation. So far he and another
are the only ones who are as yet per-
mitted to take trip over the course
of seventy-five. He consequently
thinks he is extremely lucky. Thompson
recently reached a height of 3000
feet and thought the view wonderful.
He expects to be flying alone in about a
week's time. "At present," he says,
"I am being coached in loops, spins
and other stunts. The other day I
took a trip over Kingston and the
Islands and at a height of 3000 feet
had a beautiful panorama before me."
As far as he can see there is no more
danger in flying than there is in driv-
ing a car—providing one keeps his
head. What, however, makes a fel-
low feel funny is when he drops a few
feet. Best of makes your stomach
come up.

Farmers Warned to avoid Lawyers

It has been reported to the Central
U.F.A. office that farmers are consult-
ing lawyers, and in some cases paying
big fees for advice as to how to get
exemptions or leave of absence for
their sons. Locals are advised that
there is not the slightest need to do
this. No lawyer has any power or
knowledge which can assist a farmer
in getting exemption or leave of ab-
sence that the farmer cannot get for
himself if he is entitled to exemption
or leave of absence. By applying to
C. Rice Jones, one of the United Grain
Growers, Ltd., Calgary, Mr. Rice
Jones is the agricultural representa-
tive for this district, acting in an
advisory capacity to the military.
Farmers who believe they are entitled
to exemption or leave of absence can
apply to Mr. Rice Jones either in
person or in writing, and their cases
will receive prompt and careful at-
tention. In most cases lawyers in this
province who undertake to give this
advice have to obtain it from Mr.
Rice Jones before they can give it to
the farmers, and the farmers might
better apply direct and save their
money, besides receiving better ad-
vice. It has been reported that in
some districts the price for getting an
exemption is set by lawyers at \$100
to \$200. Any lawyer undertaking to
get a farmer exemption unless that

farmer is entitled to the same under
the published rulings of the govern-
ment is a fraud.

Locals are asked to warn their
stock-selling agent. There are agents
out selling stock in different parts of
the province for companies which
have not received the authorization of
the public utilities commissioners.
Farmers will be well advised to apply
to the public utilities commissioners
regarding parliament buildings, Edmonton,
for information in regard to companies in
which they are asked to buy stock.
Some of the concerns in which farm-
ers have been induced to buy stock
are of the "gold brick" variety. The
slogan, "Look before you leap," is
timely in this connection.

Public Notice.

(At least Five Notices must be pub-
lished within the limits of the district)

By the Board of Trustees of the
Bow Island School District
No. 1883 of the Province
of Alberta.

WHEREAS it is deemed expedient
by the Board of Trustees of the Bow
Island School District No. 1883 of the
Province of Alberta, that the sum of
Six Thousand Dollars should be bor-
rowed on the security of the said Dis-
trict by the issue of debentures re-
payable to the order of Twenty equal
consecutive annual instalments with
interest at the rate of not more than
eight per centum per annum for the
following purposes, namely, comple-
ting new school, purchasing furniture
and equipment for same, building
classrooms and erecting outbuildings.

THEREFORE notice is hereby given
to the owners of the said District that
unless a poll of the ratepayers of the
said District for and against the
said debentures is demanded as
provided by The School Ordinance,
the Board will apply to the Board of
Public Utility Commissioners for
authority to borrow the said sum by
debentures.

Of which all persons interested are
hereby notified, and they are required
to govern themselves accordingly.

Dated at Bow Island, Alberta, this
17th day of June, 1918.

Chairman, Albert, this

Instructions to Ratepayers.

In rural districts a poll on a debenture
loan may be demanded by any ratepayer
if the loan is for the purpose of building
a new schoolhouse.

In town and village districts a poll
may be demanded on any debenture
loan by any ratepayer and ten ratepayers
respectively.

Every demand for a poll should be
delivered to the secretary of the dis-
trict or in his absence to the chairman
of the board within fifteen days from
the date of posting these notices. A
certified copy of the demand should
be forthwith forwarded to the Board
of Public Utility Commissioners of
Alberta at Edmonton.

PUBLIC NOTICE

Military Service Act, 1917.

Men 19 and 20 Years of Age.
Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.
Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite answer can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:— (a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

Every Farmer Needs a Ford

THE Motor Car is a greater convenience to the average farmer than the telephone, the rural mail or even the grain binder.

The binder which is considered as a very useful implement is rarely used more than a few days during the entire year. The rest of the time it stands idle, taking up space, while the automobile is available for use throughout all seasons, and both day and night.

It is ever ready to run down the lane to the back field or the pasture with a parcel or a message, or take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon whenever anything is wanted in a hurry. It is the most useful implement or convenience for the farm. It helps you conserve your energies and time for productive work and enables you and your family to accomplish more with less energy. You surely feel the need of a Ford. Why not order one today?

Mr. Hamilton, our local postmaster, has been making some very extensive alterations in the post-office. The partition at the rear of the wicket has been taken down and the space behind is now being utilised in connection with the mail business. It is Mr. Hamilton's intention to provide more room for the public also by taking down that part of the partition on the right of the wicket and putting in more boxes. Altogether these improvements when finished will make our post-office the most convenient and the most commodious of any along the line outside of the larger towns.

Representatives of the Relief Society in connection with the L.D.S. Church will be here from Raymond on Wednesday next to organize a local branch. This Society, although one primarily to assist members of the church is nevertheless at the present time chiefly engaged in Red Cross work, and it is hoped that a large number of the local adherents will be on hand to assist.

Although a few showers have visited this district during the past week the rainfall was not near sufficient to accomplish very much, and the crops are badly in need of it. Nevertheless the farmers even now have not lost hope, and should we be granted a good soaking within the next few days there are quite a few fields that will return a good yield. Persons arriving here state that the crops around here are looking better than any in southern Alberta. Although possibly this is poor consolation it nevertheless gives us renewed hope in the fertility of our soil.

The Times this week is inserting a synopsis of the legislation passed at the provincial legislature and would advise its readers to preserve it. Some of the

measures contained therein are of great interest to all and should prove of real value to many. Keep it by you.

Celebration.

Although nothing elaborate is being attempted this year, Burdett will celebrate as usual on Thursday, July 4th, and those who attend will have a good day's enjoyment. "Old Settlers' Day" is now quite an institution in this town and many thought it would be a pity to drop it altogether. Consequently, although the crops are not looking as well as we would like to see them, nevertheless make it a point to spend next Thursday in Burdett.

A partial list of the day's events follows:—
Farmers' trot and pace, hitched to buggy—\$10, \$5 and \$2.
Boys' pony race, 14 1/2 or under—\$5 and \$2.
Girls' pony race, 14 1/2 or under—\$5 and \$2.
Free-for-all running race—\$10, \$5 and \$2.
Stake race, free for all—\$5 and \$2.
Men's high jump—\$2 and \$1.
Men's running broad jump—\$2 & \$1.
Men's free-for-all, 100 yards' dash—\$5 and \$1.40.

Women's 20 yards' dash—\$2 and \$1.
Boys' foot race, under 10—\$1 & 50c.
" " " " 10—\$1 & 50c.
Girls' foot race, under 10—\$1 & 50c.
" " " " 10—\$1 & 50c.
In addition to the above there will be two ball games for prize of \$25.00. A show will also be given at the Majestic Theatre both afternoon and evening, to be followed by a big dance. The celebration is in aid of the Red Cross, and it is hoped that everyone will turn out and help to make the day as successful as possible.

Pound Notice.

To whom the same may concern: Notice is hereby given that by virtue of power granted under Section 250 of The Rural Municipalities Act and of By-law No. 5 of the Rural Municipality of Fort-Mile No. 45, dated June 14th, 1918, one Red Bull, two years, star in head, white on both flanks, brand, was impounded by the undersigned at the south-east 1/4 24-10-12, on the Friday, June 14th, 1918.—W. H. B. Foote, poundkeeper, Burdett, Alberta.

Registration Day in Bow Island.

In connection with the recent registration of man and woman power in Canada, it was definitely stated that unless the law was complied with that the penalty for not registering on Saturday was \$100 or one month's imprisonment, or both, and \$10 per day for each day that the person had not registered, and that should the time exceed 30 days such an individual would lose the franchise at the next Dominion election. In an Ottawa dispatch it is now stated that if any people have not registered they can do so for the next 30 days at any postoffice.

Registration day in Bow Island passed off very quietly. Owing to the fact that a large number of persons had registered during the week, the work of the deputy-registrars on Saturday was accomplished without undue excitement or rush. The Review is informed that altogether about 600 persons registered here in town.

Those who have registered should be extremely careful of their receipts for without these it will be unlawful for anyone to supply them with food in any restaurant. Other penalties, each a severe one in itself, have already been published and should be known to almost all. Sufficient to say those who have not already done so should take advantage of the thirty days' grace now granted by the government, and get registered at once.

Committed Suicide.

Florence Hegg, sister of Walter and George Hegg, committed suicide by drowning on Friday night or Saturday near Whittia. Walter saw his sister last on Friday night about ten o'clock. On going to call her Saturday morning he discovered that her bed had not been slept in, and after searching all day eventually heard that the body of his sister had been found by Jos. Givogive and Chas. Roman in Rocky Lake.

The deceased, who was greatly respected and esteemed by her friends and neighbors, was twenty-eight years of age, and had been living with her brother Walter for some time.

No motive is known for the rash act beyond the fact that she had been lately deeply interested in religious matters, and this may possibly have temporarily affected her mind.

The funeral took place at Winnifred on Monday, the cortege leaving the house at one o'clock. Rev. C. Bishop of Bow Island officiated.

In addition to her brothers Walter and George, who reside locally, she leaves two brothers, Peter and Victor, at Medicine Hat and Sibbald respectively. There is also living at Waukegan, Ontario, her father and another brother.

Honeykeepers who are anxious about their preserves for next winter may take comfort. The Food Board announces that there will be sufficient sugar in the country for the present, and canning season and that the maximum fruit and vegetable crops that can be produced in this country will be taken care of, so far as the sugar supply is concerned. To make sure of this, however, strict conservation will be necessary in the meantime.

THE HIGH PRICE OF HALIBUT

The consumer has been blamed for the high price of halibut. The ingenious manner in which this has been done is to tax him with refusing to purchase other kinds of fish. Owing to this reluctance, it is said, the fisherman has to throw away a large proportion of the fish he catches, retaining only the halibut. Thus his marketable catch represents only a small part of his work, and therefore the price must be higher than it would otherwise be, if it is to reimburse him for his labor.

This is all very logical; but a story telegraphed from Prince Rupert gives another angle to the price situation. Here it is:

"Prince Rupert, B. C., May 31.—For nine days' work at sea each of the four men comprising the crew of the Canadian fishing vessel Renall has

received \$612."

Each of these men earned \$68 a day for the nine days they were at sea. They earned it for halibut alone. That doesn't sound as if they were suffering from underpaid labor owing to the jettisoning of unproductive fish. And that is only the men's share of the returns.

When a man can make \$68 a day catching fish, the price of which is practically prohibitive on the part of the consumer, it is quite evident that the consumer is being exploited, the fish controllers to the contrary notwithstanding.

At \$68 a day per man, the price of halibut could come down considerably without that man going hungry very often.

Another bad fire, the second within a week, occurred at Nemiskam Wednesday night, destroying a general store, hardware store and post-office.
